

Project Title: Contextualized Livability Indices as a Strategic Tool for Advancing SDG 11: A Case of Madhya Pradesh

Duration of Project: 6 months

REQUIREMENT:

- **RESEARCH ASSOCIATES- 3** For 6 months
- **INTERNS - 5** For 2 months

REMUNERATION:

- **RESEARCH ASSOCIATES: ₹40,000/MONTH**
- **INTERNS: ₹10,000/MONTH**

What is the Project?

This project aims to develop a context-specific Livability Index for the select AMRUT 2.0 cities of Madhya Pradesh by incorporating their socio-cultural, geographical, and economic contexts. The study will support policy and planning for making cities inclusive, safe, resilient, and sustainable, in alignment with SDG-11.

Scope of Work:

- Literature review and indicator development
- Large scale data collection from Urban Local Bodies and secondary sources
- Field surveys and stakeholder consultations across selected AMRUT 2.0 cities in Madhya Pradesh
- Analysis and development of context-based Livability Performance Index
- Preparation of reports, presentations, and preparing for workshop and seminar on Livability Index.

6 MONTHS (EXTENDABLE UP TO 2 MONTHS BASED ON PERFORMANCE AND PROJECT REQUIREMENTS)

Minimum educational qualification

- **For Research Associates :** Bachelor's or Master's degree in Planning (Urban Planning / Environmental Planning).
- **.For Interns:** Bachelor's in Planning .
