About the National Institute of Urban Affairs (NIUA):

Established in 1976, the National Institute of Urban Affairs (NIUA) is a premier institute of the Ministry of Housing and Urban Affairs, Government of India, for research and capacity building for the urban sector in India. For more than 40 years now, NIUA has been the vanguard for contributing to and building the urban narrative for a fast-evolving urban India. The Institute has been actively working on bringing forth key areas of concern for urban India in order to build the urban discourse at various urban scales. It has utilised its competencies in research, knowledge management, policy advocacy and capacity building to address urban challenges and continuously striving to develop sustainable, inclusive and productive urban ecosystems in the country. It has emerged as a thought leader and knowledge hub for urban development in India and is sought after by both Indian and international organisations for collaborations and partnerships in India's urban transforming journey. NIUA is committed towards aligning its efforts towards achieving Sustainable Development Goals (SDGs) through all its initiatives and programmes. Read more about NIUA at niua.in

About the National Urban Digital Mission:

The National Institute of Urban Affairs (NIUA) instituted the Centre for Digital Governance (CDG) to operationalise the ambitious National Urban Digital Mission (NUDM) to contribute to quality of life for our citizens by way of inclusive and accessible digital solutions. Read more about CDG at niua.in/cdg

CDG will use the three pillars of NUDM (People, Process, Platforms) to activate digital service delivery and ease of access across all cities and towns in India by 2024. NUDM will create a shared digital infrastructure as a public good through open source, customisable digital urban platforms, building blocks, data infrastructure to manage the core digital urban data, and the infrastructure required for its seamless exchange.
